

Keeping Safe at Parks and on Trails During the COVID-19 Pandemic

**Parks and trails remain open for drop-in use,
but certain areas of the parks are closed:**

Playground equipment

Outdoor fitness equipment

Restrooms (including porta-potties)

Drinking fountains

The following are recommendations to keep safe social distancing when at parks or on trails:

- Follow CDC's guidance on personal hygiene — wash hands, carry hand sanitizer, do not use parks and trails if you have symptoms, cover your mouth and nose when coughing or sneezing, etc.
- Always observe CDC's minimum recommended social distancing of six feet from other people. Practice it and know what it looks like. Keep it as you walk, bike and otherwise visit parks and trails.
